 - ii. Green triangle**
 - iii. Red square**
 - iv. Red inverted triangle**

- e. The full form of IUD:
- Inter Uterine Device
 - Intra Uterine Device
 - Intra Uterus Device
 - Inter Uterus Device

2. Fill in the blanks: [5]

Condom is used by men. It is made of __a___. It prevents the ___b___ from being deposited in the ___c___ of the females. ___d___ is a round latex cap with coil springs. These caps prevent the entry of sperms in the ___e___.

3. Name the following: [5]

- Ancestral human with a cranial capacity of 450cm^3 - 600cm^3 .
- Biologist who postulated the theory of natural selection.
- The difference between birth rate and death rate.
- Origin of new species by gradual modification.
- Ancestral Human with a height of 4.5 feet to 5 feet.

4. Match the correct answers of Column I with Column II. Please rewrite the correct pairs: [5]

Column I	Column II
a. <i>Homo erectus</i>	a. Cutting down of trees
b. Population explosion	b. Almost no chin
c. Deforestation	c. 200-210cm tall
d. Cro-Magnon Man	d. Conventional source of energy
e. Coal and Petroleum	e. Birth rate exceeds death rate
	f. Non-conventional source of energy
	g. 180 cm tall

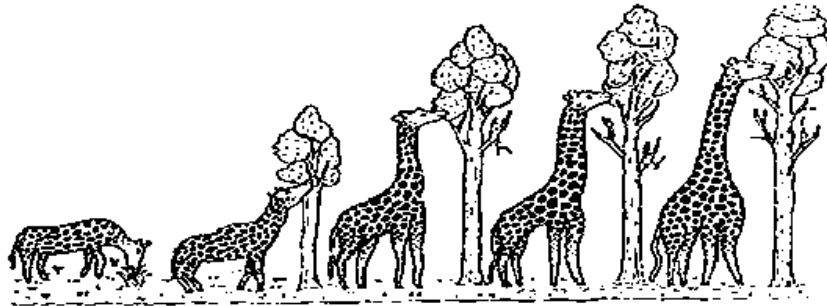

5. Answer the following questions:

- Define Evolution. [1]
- Differentiate between Mortality and Natality on the basis of their definition. [2]
- Explain the phenomenon of 'Industrial Melanism'. [2]
- Mention two reasons for the rapid increase of population in India. [2]
- Answer the following questions: [3]
 - Mention the scientific name of peppered moth.
 - Mention two important features of *Australopithecus* on the basis of development of chin and forehead.

6. Answer the following questions:

a. Define Population Density. [1]

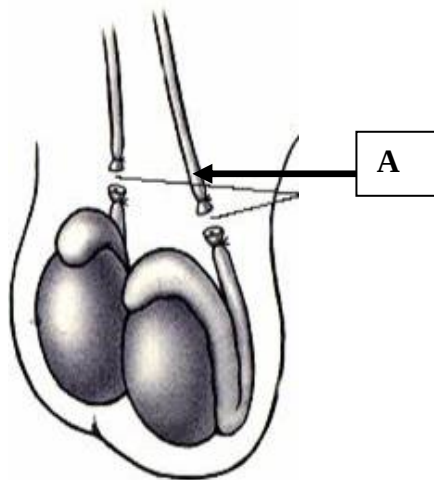

b. Identify the theory which is being depicted in the figure given below. Name the biologist who proposed this theory. [2]

c. Name the organism from which modern man had evolved and during which period? [2]

d. Mention two reasons for the sharp rise in World Human population in recent past. [2]

e. Observe the diagram given below and answer the following questions: [3]

- Identify the part 'A'.
- Identify the process shown in the above diagram.
- Explain the process.
