

DELHI PUBLIC SCHOOL NEWTOWN
SESSION 2022-23
HALF YEARLY EXAMINATION

CLASS: X
SUBJECT: GEOGRAPHY (SET A)

FULL MARKS: 80
TIME: 2 HOURS

*Answers to this Paper must be written on the paper provided separately.
You will not be allowed to write during the first 15 minutes.
This time is to be spent in reading the question paper.
The time given at the head of this Paper is the time allowed for writing the answers.*

*Part I is compulsory. All questions from Part I are to be attempted.
A total of five questions are to be attempted from Part II.
The marks intended for questions are given in brackets [].
This paper consists of six printed pages.*

PART I (30 marks)
(Attempt all questions from this Part.)

Question 1

Study the extract of the Survey of India Map sheet No. G43S7 and answer the following questions:

- (i) (a) Give the four figure grid reference of settlement Sangla. [2]
(b) Name two man made features in grid square 3687.
- (ii) (a) What is the pattern of drainage seen in grid square 3594. [2]
(b) What is the pattern of settlement seen in grid square 2988?
- (iii) Calculate the shortest distance in kms. between settlement Ranavas and Bhutedi. [2]
- (iv) What advantage does Representative Fraction have over Statement scale? [2]
- (v) What do you mean by the following: [2]
(a) 10r in grid square 3285.
(b) □ in red colour in grid square 3191.

Question 2

On an outline map of India provided: [10]

- (i) Shade and label the river Brahmaputra
- (ii) Shade and label Coromandel coast
- (iii) Mark with a dot and name Prayagraj
- (iv) Shade an area which has alluvial soil south of Tropic of Cancer
- (v) Mark with a dot and name Kolkata
- (vi) Shade and label the river Satluj
- (vii) Mark with a dot and name Bengaluru
- (viii) Mark and label Chilka lake
- (ix) Mark with a dot and name financial capital of India
- (x) Draw and label Tropic of Cancer

Question 3

Choose the correct option

[10]

- (i) Burst of monsoon means:**

 - (a) A cloud burst occurs.**
 - (b) After a dry spell, a heavy monsoon occurs.**
 - (c) Sudden violent onset of monsoon.**
 - (d) A dry spell in the monsoon.**
- (ii) Most widespread transported soil found in India.**

 - (a) Black**
 - (b) Red**
 - (c) Alluvial**
 - (d) Laterite**
- (iii) The trees of the tropical evergreen forests are called evergreen because:**

 - (a) The trees never shed their leaves and look green throughout the year.**
 - (b) The trees shed their leaves in a particular year.**
 - (c) The trees shed their leaves only once in a year.**
 - (d) They have no particular season of shedding leaves and do remain green throughout the year.**
- (iv) Most widely used means of irrigation in south India.**

 - (a) Wells**
 - (b) Tubewells**
 - (c) Tank**
 - (d) Furrow irrigation**
- (v) Which method of irrigation is considered as the overhead irrigation?**

 - (a) Drip irrigation**
 - (b) Tank irrigation**
 - (c) Inundation canal irrigation**
 - (d) sprinkler irrigation**
- (vi) _____ is the largest coalfield in India.**

 - (a) Ranigunj**
 - (b) Jharia**
 - (c) Digboi**
 - (d) Singhbhum**
- (vii) The conventional source of energy which is renewable is _____.**

 - (a) Coal**
 - (b) Petroleum**
 - (c) Hydel Power**
 - (d) Natural gas**

- (viii) The cleanest form of renewable energy is _____.
 (a) Bio gas
 (b) Solar energy
 (c) Wind energy
 (d) Nuclear energy
- (ix) Rourkela Steel Plant was built with the cooperation of _____.
 (a) USSR
 (b) Germany
 (c) USA
 (d) China
- (x) The mode of transport in which the pilferage is lesser than the railways.
 (a) Airways
 (b) Inland waterways
 (c) Road ways
 (d) Oceanic waterways

PART II (50 marks)
(Attempt any five questions from this part.)

Question 4

- (i) Explain two factors that affect the climate of India giving a suitable example for each. [2]
- (ii) Mention the different sources of rain in Punjab and Tamil Nadu during the winter Season. [2]
- (iii) Give a geographic reason for each of the following: [3]
 (a) Kerala has the longest rainy season.
 (b) The Malabar coast experiences orographic rainfall.
 (c) The Ganga Plain gets the monsoon rain much later than the west coast of India.
- (iv) Study the climatic data given below and answer the questions that follow: [3]

MONTHS	JAN	FEB	MAR	APR	MAY	JUN	JUL	AUG	SEP	OCT	NOV	DEC
Temp in °C	25.0	25.5	26.3	27.1	30.0	36.2	36.0	35.9	30.3	28.4	27.0	24.6
RF in CM	24.5	23.1	15.0	2.4	0.1	11.0	9.3	7.2	4.0	9.4	14.5	20.4

- (a) Calculate the annual range of temperature .
 (b) What is the total annual rainfall?
 (c) Presuming that the station is located in India, give a reason for its location being on the east coast or the west coast of India.

Question 5

- (i) Mention two differences between alluvial soil and red soil. [2]
- (ii) State the characteristic feature of each of the soils named below that makes them most suitable for crop cultivation: [2]
 - (a) Black soil.
 - (b) Red soil.
- (iii) Give a geographic reason for each of the following: [3]
 - (a) Black soil does not get leached.
 - (b) Khadar is more fertile than bhangar.
 - (c) Different regions in India have different kinds of soil.
- (iv) Name the soil which: [3]
 - (i) is good for cultivation of sugarcane.
 - (ii) is acidic in nature.
 - (iii) occurs ex-situ.

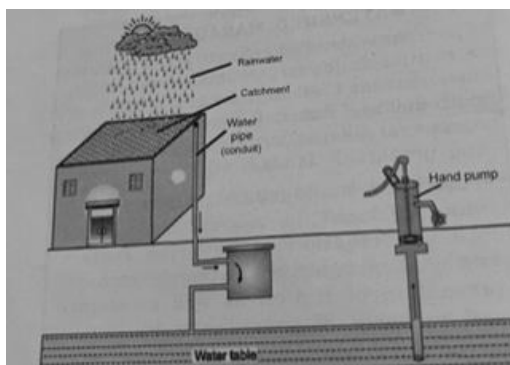

Question 6

- (i) How do trees in the Tropical desert forests adapt themselves to the dry climate? [2]
- (ii) (a) Name the forest which is commercially most important in India. [2]
 - (b) Name two trees which grow in this forest.
- (iii) Name the natural vegetation found in the following regions: [3]
 - (a) The western slopes of the Western Ghats.
 - (b) The Nilgiris.
 - (c) Western Rajasthan.
- (iv) Differentiate between afforestation and deforestation. State a disadvantage of deforestation. [3]

Question 7

- (i) Name two modern methods of irrigation. State one important reason for their growing popularity. [2]
- (ii) Name a state where: [2]
 - (a) Tube wells are common.
 - (b) Tank irrigation is popular.
- (iii) (a) Differentiate between Surface water and Groundwater. [3]
 - (b) Mention two reasons to explain why we are facing water scarcity in recent times. [3]

- (iv) Study the diagram below and answer the questions that follow: [3]

- (a) Name the activity shown in the diagram.
(b) Give two objectives of the activity.

Question 8

- (i) (a) Name any three types of coal found in India. [2]
(b) Which type of coal is mostly used in Iron and Steel Industries?
- (ii) Which State is the leading producer of the following minerals? [2]
(a) Coal
(b) Manganese.
- (iii) Answer the following: [3]
(a) State one industrial use of copper.
(b) Mention one advantage of generating power from biogas.
(c) Name the mineral that toughens steel and makes it rust-proof.
- (iv) Give a geographic reason for each of the following: [3]
(a) Many port cities have their own oil refineries.
(b) Petroleum is called a 'fossil fuel'.
(c) Coal is called a versatile mineral.

Question 9

- (i) 'Though Uttar Pradesh has the largest number of sugar mills yet Maharashtra is the largest producer of sugar.' Give any two reasons to justify the statement. [2]
- (ii) Name the following: [2]
(a) A by-product of sugar industry which is used in the manufacture of wax and shoe polish.
(b) A city most famous for electronics and hence called "The Electronics Capital of India".
- (iii) (a) Name the private sector iron and steel plant of India. [3]
(b) From where does it get its supply of:
1. Iron ore
2. Coal

- (iv) Give reasons for the following: [3]
- (a) Silk industry is doing particularly well in Karnataka.
 - (b) The electronics industry contributes to the development of the country.
 - (c) It is necessary to crush sugarcane within 24 hours of harvesting.

Question 10

- (i) Mention two reasons why more people use railways rather than airways. [2]
- (ii) Roadways are always considered more important than any other means of transportation. Give two reasons in support of the statement. [2]
- (iii) Give three reasons why airways are becoming a popular means of transport in modern India. [3]
